Royal Electric Company Announces New Chief Operations Officer

Royal Electric Company, a leading subcontractor for electrical and underground projects throughout the Central and Western United States, is pleased to announce the addition of Greg Schniegenberg as our new Chief Operations Officer. As a leader in the industry, Greg's expertise will compliment and help grow Royal's service to our clients in the commercial, multi-family, airfield and transportation markets throughout multiple states, in addition to growing Royal's Texas presence.

"I have followed Royal's growth and success over the past ten years and I'm excited to be a part of this amazing team. I look forward to what the future holds for Royal and its employees."

Greg Schniegenberg, COO

Greg joins the Royal team with 22 years of operations experience, and over 25 years' experience in the construction industry, focusing on development of his team and relationships with his clients. Greg currently sits on the national executive committee for Associated Builders and Contractors as the Pacific Region Vice Chair. He is an active member of the ABC NorCal Chapter, where he previously served as chair of the board of directors for two years in addition to numerous other chapter leadership roles. Greg was also recognized by ENR (Engineering News Record) in 2016 as a top 20 under 40 award recipient for his contributions to the construction industry.

"Greg's commitment to developing the team and taking care of clients is a perfect fit for Royal Electric. We are thrilled to have him join our current leadership team. His passion and expertise will help accelerate our strategy for success for generations to come." – Dina Kimble, President and CEO, Royal Electric Company
Royal Electric has built success through our mission of making the world a better place through our three pillars of achievement: **Building People** who are inspired to grow in their careers, **Building Relationships** that create value for our clients, our company, and our community, and **Building Projects** we can be proud of.

Because of Greg's passion and industry involvement, he is the absolute right fit for our company, our values, and our culture. Schniegenberg is a graduate of the University of Cincinnati, holding a Bachelor of Science in Construction Management and is a LEED® Building Design and Construction Accredited Professional.

We are so thrilled to have Greg join our team!
